

THE DODO BAG CO.®

Reusable Cloth Bag Fundraiser

At the Dodo Bag Co. we believe in protecting the environment. Billions of plastic bags are polluting our planet. Make a difference - carry a reusable Dodo shopping bag.

lets make plastic bags 'extinct' and leave a legacy that would make our children proud.

printed for you
on recycled paper

Made in USA

Too often wonderful creatures like the DODO bird become extinct due to our abuse of their environment. The harm continues with plastic bags being the #1 Litter Problem worldwide. At the DODO Bag Co. we became interested in reusable shopping bags when we learned how plastic bags are impacting our environment. Your purchase of a DODO Bag is helping a local Fund-Raising Group raise money for a worthwhile project.

We hope you purchase and enjoy one or several of our bags.
Thanks for joining us in our efforts to protect the planet.

Plastic bags kill over 100,000 birds, whales, seals and turtles every year

The U.S. uses 100 billion plastic bags annually, consuming about 12 million barrels of oil.

A million plastic bags are used every minute worldwide. That is over 500 billion bags each year polluting our planet.

Plastic bags are not biodegradable and can take up to 500 years to decompose. Eventually they break down into tiny toxic bits polluting our soil, rivers, lakes & oceans.

Our bags are made in America from unbleached cotton, a renewable resource. They take minimal energy to produce, are light, durable (each holds up to 40lbs) and last for years. Our DODO shopping bags measure 18" x 15" with a 5" base and our DODO shoulder bags measure 15" x 16" with a 4 1/2" base and a 36" shoulder strap. Both are machine washable in cold water.
